

Many balloonists in this region belong to the PRBA. It is one of a number of regional balloon clubs that are under the national body – the “BBAC” – the British Balloon and Airship Club. The BBAC publishes the only UK ballooning magazine “Aerostat” once every 2 months, and deals with national matters, such as liaising with the aviation authorities, etc.

(Please make cheques payable to “PRBA”)

Both the PRBA and the BBAC have membership from non-balloonists; for anyone wishing to develop an interest or understanding and/or simply “get involved”, these organisations provide the means of doing so. One of the main benefits is putting you in touch with local contacts and of the ballooning and social events that have been organised.

More information can be found on the PRBA at [www.hartley2.co.uk/prba](http://www.hartley2.co.uk/prba) and on the BBAC at [www.bbac.org](http://www.bbac.org). Attached is the registration form for the local club who meet roughly once a month and hold events where balloons, pilots, crews and spotters get together for a weekend of flying and socialising. It is always weather permitting. We welcome new members – you DON'T need to have a balloon to join. Just fill in the attached form and enclose the £10 membership fee. In return we will send you our latest Newsletter containing dates of forthcoming events.

The national BBAC has a separate membership scheme and fee and produces 6 full colour magazines per year.

To join, send £40 to Andy Caie,  
7 Llewellyn Road, Penllergaer,  
Swansea SA4 1BB.
